## We put people first.

### Blood Services

Blood donations help patients locally. Those with special needs in your community will have improved access to specialty matched units and consultative services.

### Physician Services

A host of transfusion-related medical services including therapeutic services, physician consultations, adult hematology, and comprehensive care for patients with bleeding disorders.

### Donor Testing

Infectious disease testing (IDT) to determine donor suitability and blood product safety.

### Diagnostic Labs

We are the science behind the medicine for national hospitals providing personalized solutions in transplantation and hematology.

### Pharmacy

Product distribution for hospitals, facilities, and patients' homes.

### Versiti Blood Research Institute

Versiti Blood Research Institute attracts leading-edge researchers from around the world who are dedicated to unlocking the healing potential of blood.
