JANUARY & FEBRUARY 2026

Thank you for giving the
gift of hope!

This #NationalBloodDonorMonth, we salute America's 7 million annual blood donors – the unsung heroes who save lives every day. Your generosity & compassion make a world of difference.

SUBJECT LINE: Your blood helps EMS crews save lives

Fire Captain Bryan Shaw has seen it all, from car crashes to gunshots. Now that his EMS crew has access to blood, "We've seen an improvement in hemorrhagic shock right in front of us. The fact that we were able to stop and reverse that spiral is amazing."

Be the helper EMS teams turn to. Be the hero a patient needs. Donate at the blood drive below.

TALKING POINTS

- Start the New Year with a resolution that truly matters. This National Blood Donor Month, take a moment to give hope, save lives & make a lasting impact on families in your community. Let's make 2026 unforgettable – one donation at a time.
- Every 2 seconds, someone in the U.S. needs blood. With over 42,000 units of blood components given daily, let's celebrate the 7 million annual blood donors who always come through. Happy #NationalBloodDonorMonth to you, the true heroes!
- Martin Luther King Jr. showed us the power of unity, compassion & action. This MLK Day, honor his legacy by giving blood – a simple act that brings hope & healing to our community & carries out his mission of love & service. Can you change the world on Giving Tuesday! Yes, you can! Giving blood is a beautiful act of care, kindness and love that connects you to something larger than yourself. Give blood today for a better tomorrow.
- Cold weather can freeze more than just roads, it can halt lifesaving blood donations, too. Help us stay ahead of winter storms by donating early & ensuring hospitals have what they need. Your generosity warms hearts & saves lives. Give blood today.
- During February, ask donors to schedule an appointment with a loved one. Together they can create a shared act of kindness!
- National Donor Day, February 14, is a time to focus on all types of donation – organ, eye, tissue, blood, platelets and marrow. It is also a day to appreciate donors and loved ones who have given the gift of life, have received a donation, are currently waiting or did not receive an organ in time.
